WELCOME TO THE KUMAR EYE INSTITUTE

Thank you for choosing the Kumar Eye Institute for your complete eye care. We feel you will be very pleased with the quality of care you and your family will receive. In an effort to make your visit to our Eye Institute as comfortable as possible we would like to give you the following information:

Please complete the enclosed forms and bring them with you to your first visit as well as your driver's license and insurance card.

By filling these forms out ahead of time, you will save significant time at the beginning of your visit.

Please plan to arrive 15 minutes early for your first appointment

New Patient appointments usually take 1 to 2 hours. As part of your child's first eye exam, his or her eyes will be dilated unless medically contraindicated. This may blur your child's near vision for up to 12 hours and usually not longer than 24 hours.

- Parents or Legal guardian of minor children should plan to stay with their child.
- If your child wears contact lenses or glasses, please bring them with you to your child's appointment.
- For non emergency calls, we recommend calling our Eye Institute after 10:30am. We attempt to have our phones available for emergencies and appointment cancellations early in the morning.
- Please call us ASAP if you are unable to make it for your scheduled appointment or if you are going to be late for your scheduled appointment.
- Payment is due at the time services are rendered. We participate with many major insurance plans. For these plans, co-payments, deductibles and coinsurance will be collected at the time of service. We accept cash, check, Discover, MasterCard, Visa and American Express cards.
- Our Eye Institute hours are Monday – Friday 9:00AM – 5:00PM
Phone (502) 368-3937

We look forward to caring for you and your family. If there is anything that you do not understand, please feel free to ask. Our doctors and staff are here to serve you.
